

Study: Impact of the COVID-19 pandemic on Canadian seniors

Released at 8:30 a.m. Eastern time in *The Daily*, Monday, October 18, 2021

Although COVID-19 has affected all Canadians, seniors are particularly vulnerable to its health impacts, including a higher risk of hospitalization, complications, as well as death. A new article published today, "[Impact of the COVID-19 pandemic on Canadian seniors](#)," summarizes some of the health, social, and financial impacts of the pandemic on seniors in Canada.

A more complete understanding of how seniors have fared during the early periods of the pandemic can help ensure that their current and future needs are met.

The article "[Impact of the COVID-19 pandemic on Canadian seniors](#)" is now available in *Insights on Canadian Society* (**75-006-X**).
